“In relation to physical exercise, the word *endure* suggests maintaining intense physical and mental effort over an extended period of time. Many of us also may associate the word *endure* with the unpleasant drudgery of routine work and responsibilities. But in a spiritual context, enduring is far more than merely persevering tenaciously to complete demanding duties or challenges.”

“Enduring to the end is linked inextricably to the spiritual gift of charity. Enduring to the end is not merely a relentless determination to grit our teeth, hold on to the limits of our physical strength and mental capacity, and push through the challenges and adversities of mortal life; it is so much more than that.”

“Enduring to the end is the joyous quest of a lifetime—a pressing forward with faith in Jesus Christ in a gradual process of trusting in and receiving help from our Savior to become more like Him.”

Elder David A. Bednar, “All Who Have Endured Valiantly, April 2026
